CATHOLIC COLLEGE

St Marcellin Catholic College is a Foundation K-12 community located in the beautiful coastal town of Madora Bay, Western Australia.

Vision and Values

Educating in the Marist Tradition, the College is inspired by St Marcellin Champagnat who sought to make Jesus known and loved by all. St Marcellin was a seeker of knowledge with a heart that knew no bounds.

This community has a vision to develop young people with '**Strong Minds** and **Gentle Hearts**; people of **Hope**, demonstrating through their actions, **Compassion** and **Humility**.

In Marist schools, as Christ centred communities, we strive to model and share the Gospel values with our young people. Our College will have community at its heart. You would be invited to join a culture that understands that positive and meaningful relationships are everything. Our story is about caring for each other, fostering positive relationships and welcoming all.

Marist Characteristics

Simplicity - Marcellin believed that simplicity means accepting ourselves as we are, with all our strengths and weaknesses. He urged us to be transparent, to be people of integrity, and to let people, especially young people, see us just as we are.

Love of Work - Marcellin, the builder, shows us the importance of being ready to "roll up our sleeves", prepared to do whatever is needed for the vision of our community. We follow his example in being generous of heart, constant and persevering in our daily work.

Presence - Marcellin wanted his followers to do nothing less than immerse themselves in the lives of the young - "constant presence" among them, he called it - and to show them at all times what it is to live as a good Christian and citizen.

Family Spirit - It is something tangibly experienced. You feel it in the warmth of the College. You feel it in the welcome and hospitality. You feel it in the lack of pretence or arrogance. You feel it in the sense of belonging and the broad inclusivity of that. You feel it in people's care and kindness. You feel it in trust and respect.

In the Way of Mary - Marcellin knew Mary would be the best possible model of one who prized each human being for their own sake. Mary shows by her humility and generosity, the claims of the common good. In a world which put up and pulled down others, Mary revealed that the real God was someone with dusty feet.
